I need the title to contain numbers with leading zeros. So "001 Main Street" would be mapped to a breeze entity where the value is "1". At this point I don't see any way of doing this in breeze without having to manually construct a long string. My request is something like this:

```
viewName: function (modelBuilder, hooks) { return  
  viewName(modelBuilder, hooks); }, ... function  
  viewName(modelBuilder, hooks) { var entities =  
modelBuilder.metadataStore.getEntities(new EntityQuery().f

```
keys.sort(); var query =

var manager = new breeze.EntityManager(); var viewShips
= manager.createQuery(query).toType(new

multimodal treatment. At the time of surgery, surgical margins are estimated as being positive or microscopically positive if the tumor extends within 2 cm of the tumor border. The extent of the surgical margin is then evaluated during wound closure and histopathologic examination of the surgical specimen. The breadth of human interests and the intricacies of our nature are revealed in this fascinating new book by Dr Jack Ritchie, whose expertise lies in the fields of science, technology, the humanities and the arts. Building on many decades of teaching and research, as well as his own experience and that of his family, *The Art of Conversation* is a brilliant and much-needed book for the 21st century.
